AKA American Kickass cigars are a truly unique blend of tobaccos that create a "One of a Kind" smoke. The Hybrid has a five-year aged wrapper comprised of a special crossbred Cameroon and Cuban Seed Corojo developed by the Don himself, Julio Eiroa.

This special wrapper is grown only for this cigar and cannot be found in any other smoke. The binder is a four year aged Dominican Ligerero that encloses a blend of four and five year aged Dominican Piloto Cubano and Honduran tobaccos. There are spicy notes of white pepper, tobacco, cinnamon, and earthiness. There are also sweet cherry syrup and cream to balance out the intensity. The retro-hale will have some sweetness to it as well as some bready, earthy flavors.

This medium to full bodied stogie is of the highest quality. AKA American Kickass Hybrid cigars are hand rolled works of art. They are tightly constructed with a razor sharp burn line and balanced draw. The AKA Hybrid cigars are not for the faint of heart.

The 5 Year Aged Wrapper is from a True Hybrid Seed grown only by the Eiroa Family of Camacho Cigars. The Wrapper is from the Special Cross-Breeding of Cameroon and 59 Cuban Seed Corojo Seeds that took years to develop into its true perfection.

Binder: The Binder is a 4 Year Aged Dominican Ligero from the Kelner Family who supplies Davidoff Tobaccos.

Filler Blend: 4 and 5 Year Aged Dominican Piloto Cubano and Honduran Tobaccos from the Kelner and Eiroa Families.

We worked non-stop for about a year and a half on the Hybrid Blend. The Hybrid Blend took so long to develop because we wanted to create something Special and Unlike any other cigar on the market. The Hybrid is rolled at the Camacho/Davidoff factory in Danli Honduras. We are fortunate to be very good friends with Christian Eiroa and have know him for 15 years. Christian worked side by side with us on most all of our 8 trips to the factory in a year and a half span. It was on our trip back in September 2010 that Christian offered to let us use a Very Special 5 Year Aged Wrapper that his father “Don Julio Eiroa” had spent several years creating. This Special Hybrid Wrapper comes from the Cross-Breeding of Cameroon and 59 Cuban Seed Corojo Seeds. The Hybrid Wrapper is a “True Hybrid”, a “One Of A Kind” and is only grown for and used by AKA.

The Hybrid Cigar is medium to medium plus in body depending on the size. The Hybrid Wrapper greatly influences the blend and the cigar has a very unique flavor profile unlike any other cigar on the market. The amazing complexity and balance of the cigar comes from the special well aged tobaccos used in the blend which deliver a more refined and smooth “white pepper” along with a unique spice profile with hints of cinnamon, toasted coffee bean, and a pleasurable light sweetness. The awesome finish develops into a creamy burst of unique flavors which are very pleasing to the palate. The AKA Hybrid is a roller coaster ride for the palate. So get on board and Enjoy The Ride!!!

We decided to have a little fun with the names of the Hybrid Sizes . We used common acronyms but with a twist ! They are all related to stimulating the mind!
