---

AKA American Kickass cigars are a truly unique blend of tobaccos that create a "One of a Kind" smoke. The Hybrid has a five-year aged wrapper comprised of a special crossbred Cameroon and Cuban Seed Corojo developed by the Don himself, Julio Eiroa.

This special wrapper is grown only for this cigar and cannot be found in any other smoke. The binder is a four year aged Dominican Ligerito that encloses a blend of four and five year aged Dominican Piloto Cubano and Honduran tobaccos. There are spicy notes of white pepper, tobacco, cinnamon, and earthiness. There are also sweet cherry syrup and cream to balance out the intensity. The retro-hale will have some sweetness to it as well as some bready, earthy flavors.

This medium to full bodied stogie is of the highest quality. AKA American Kickass Hybrid cigars are hand rolled works of art. They are tightly constructed with a razor sharp burn line and balanced draw. The AKA Hybrid cigars are not for the faint of heart.

Wrapper: Hybrid Binder: Dominican Filler: Dom, Hon Country of Origin: Honduras
