Fratello Bianco is a full bodied and complex offering from Fratello Cigars. The wrapper on these cigars is a Mexican San Andres. This gorgeous San Andres Negro Maduro wrapper provides a sweetness to the cigar that shines thru as a key component of this blend. This Mexican wrapper offsets the flavors of the binder and filler, providing a perfect balance to a very smooth finish. The binder of this cigar is Dominican. This Dominican binder was the result of multiple smoke iterations to strike the right balance between aroma and flavor.

The combination between the wrapper and binder exerts an aroma that provides for a very complex nose in Fratello Bianco cigars. The filler of the Fratello Bianco comes from three different countries. With three different countries, the complexity of the filler tobaccos increases the flavor of Fratello Bianco to a different level. Peruvian with the sweetness, Nicaragua with its spiciness, and Pennsylvania Broadleaf Ligero with its boldness truly encompass what will be an amazing smoking experience.
